Dear Prospective Member,

This packet contains the instructions and forms you will need to help you initiate the membership process for the Bellport Fire Department. These initial procedures help both you and the department make the first steps towards membership. The Bellport Fire Department has a long tradition of outstanding community service and we are delighted that you have stepped forward to volunteer.

Here are the steps that need to be taken before you become a member of the Bellport Fire Department:

1. You must complete the enclosed membership application, the authorization for records release and the Hepatitis f3 vaccination consent form, (the vaccination is not mandatory, however we recommend that you do get the vaccination). Please return the completed and signed forms to the fire house, along with a five dollar initiation fee. If you are a minor you will need parental approval. If you are a transfer from another department you must also include a letter from the chief of your previous department summarizing your past performance. The five dollar initiation fee is waived for all transfer applicants.
2. The department secretary will contact you to schedule an interview with the Company captains. (Membership Committee)
3. During the interview you will be given the opportunity to schedule a physical. You must be found fit for duty for the membership process to continue.
4. After the interview and physical the department members will vote on your membership.
5. The completed forms and results of the vote by the membership is then forwarded to the District for their approval.
6. If the District approves your membership you will receive an official letter of membership and congratulations from the Bellport Fire District.
7. The Probationary Training Officer will contact you and initiate your training in the basics of Fire Fighting.

Good luck and Thank you for having the desire and dedication to join the Bellport Fire Department and help your community.

I understand that due to my occupational exposures to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B Virus (HBV) infection. I have been given the opportunity to be vaccinated at this time. I understand that by declining the vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposures to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I can receive the Vaccination series at no charge to me.

(B) I do not wish to be included in the Vaccination Program at this time.
